# **Cellnex UK**

## **Operational Escalation Procedure - MBNL**

# Cellnex Escalation Guidance

The below scenarios provide guidance for which team within Cellnex your query or escalation should be directed to.

## Site Access & Accreditation

- Access requested out of hours via Agora, attendance required during the same out of hours period
- Site Provider preventing or blocking access
- Engineer locked on site
- Check access request outage details
- Supervision not arrived/late

For the above scenarios impacting access to a Cellnex Site please use the [Site Access Escalation Matrix](#)

## Safety, Health or Environment (SHE)

- Report a fire at site or major incident at site
- Report an accident e.g. injury to person(s)
- Report an incident e.g. damage to property or the environment
- Near miss e.g. event that had the potential to cause injury or ill health, damage to property or the environment
- Unsafe condition/hazard e.g. potential to cause injury or ill health.
- Unsafe Act e.g. task or other activity that is conducted in a manner that may threaten the health and/or safety of workers
- RF issue

For the above H&S issue or incident scenarios please use the [SHE Escalation Matrix](#)

## Network Operations Centre (NOC)

- Facilities issue e.g. overgrown site, broken fence, loose feeders, fly tipping, vandalism/damage at site etc.
- A lock issue (combi code or iLOQ)
- An issue impacting access to site e.g. tree over access track, Site Provider dispute, site access information does not accurately reflect physical situation

For the following facilities or post works issues please use the [NOC Escalation Matrix](#)

# Cellnex Site Access & Accreditation

Please note, all access requests should be logged on [Agora](#). If you have a general query or would like to escalate an access request in working hours please submit a ticket in [Jira](#).

For the following scenarios impacting access to a Cellnex Site please use the contact points below:

- Access requested out of hours via Agora, attendance required during the same out of hours period
- Site Provider preventing or blocking access
- Engineer locked on site
- Check access request outage details
- Supervision not arrived/late
